## Scope and Extent of the Verification Work

 Tick box(es) or insert N/A (Not Applicable) as appropriate.

- In my opinion, as far as can reasonably be ascertained from the scope of work described above, the system complies with, and has been commissioned in accordance with, the recommendation of BS 5839-1: 2017 other than in respect of variation already identified in the certificates of design, installation or commissioning.
- In my opinion, there is no obvious potential for an unacceptable rate of false alarms.

The following non-compliances with the recommendation of BS 5839-1: 2017, have been identified (other than those recorded as variations in the certificates of design, installation or commissioning).

(Continue on additional numbered pages as required)

## Certification of Verification

I, being the competent person responsible (as indicated by my signature below for the verification of the fire detection and fire alarm system as, set out above, CERTIFY that the verification work for which I have been responsible complies to the best of my/our knowledge and belief with the recommendation of Clause 43 of BS 5839-1: 2017.)

The extent of liability of the signatory is limited to the system described above.
